

WAX RECOMMENDATION

Boulder Lake Ski Race

Boulder Lake Ski Trails, Duluth, MN

Sunday, January 17

11 A.M.

10K/31K Skate

Wave Start

1 or 3 Lap Course

Forecast/Conditions: Overnight low 18 rising to 25 at start with increasing clouds during the race, but no precipitation expected. Machine worked and packed surface.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A

Structure: A fine linear grind covered by one pass with the Blue TOKO Structurite tool (old fine-linear wheel) before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
