

# WAX RECOMMENDATION

## Pepsi Challenge

Giant's Ridge in Biwabik, MN

Saturday, January 23

9:30 A.M. 24K/50K Classic

10 A.M. 24K/50K Skate

10:15 A.M. 10K Freestyle

Classic mass start, freestyle waves 3 minutes apart

All races are two laps, except the 24K race (1 lap)

Forecast/Conditions: Expect a firm but thin snow pack, dirty in places, becoming soft, sugar snow on uphill during the race.

Friday evening low temperature in the high teens, with race time temperature climbing to the high 20s. Windy, overcast and a 50 percent chance of precipitation during the race.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper, iron in Carbon BaseWax Green, cork smooth, let cool. Then apply layers of Carbon GripWax Yellow, corking between layers, and cover with Carbon GripWax Blue.

Structure: A universal grind covered by one pass with the Red TOKO Structurite tool (old medium offset wheel) before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
