

# WAX RECOMMENDATION

## BARNEBIRKIE

Main Street, Hayward, WI - Thursday, Feb 20

11:30 A.M., 3k/1k/500 meter, Classic or Skate

Out-and-back

[Birkie.com](http://Birkie.com)

---

**Forecast/Conditions:** Overnight low of about -10°F, about 9°F at start time, high of 18. Partly sunny skies and with a light northwest breeze. Expect snowy trail conditions – perfect for kids to enjoy a fun time on skis!

**Glidewax:** Apply BP Blue Hot Wax, scrape and brush. Go have fun!

**Gripwax:** Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 2-4 layers of Nordic GripWax Blue, corking smooth between layers.

**Structure:** If appropriate for your child and their skis, apply a fine structure covered by one pass with the Blue Structurite tool after scraping and brushing the final Hot Wax.

Check the [Wax Tips](http://Wax Tips) page at [TokoUS.com](http://TokoUS.com) before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Blue, Red or Yellow), as the temperature ranges are the same. For a more economical option, omit Jet topcoats. All Race Wax Tips recommend ONLY fluorine-free products. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](http://How To) link at TokoUS.com.
