

# WAX RECOMMENDATION

## CUPID CUP – Cancelled!

Teton Lakes Winter Park, Rexburg, ID - Saturday, Feb 8

10 A.M., 10k/5k/1k, Skate

Mass start by distance, 1-2 laps

<https://www.raceentry.com/the-cupid-cup/race-information>

---

**Forecast/Conditions:** Current conditions are ice and thin snow. Organizers are hopeful for Friday snow. Both the race website and [www.nordic-pulse.com](http://www.nordic-pulse.com) will be updated on Friday afternoon should the race be cancelled. A 100 percent chance of snow and/or rain on Friday with Friday night low around 18 degrees. Saturday partly cloudy with a 40 percent chance of snow and a race start temperature around 24 degrees with gusty winds. Course will be groomed Friday night.

**Glidewax:** Apply BP Blue Hot Wax, scrape and brush, then apply HP Blue Hot Wax/HP Red Hot Wax mixed 1:1, scrape and brush.

**Gripwax:** N/A

**Structure:** A universal structure covered by one pass with the Red Structurite tool after scraping and brushing the final Hot Wax.

Check the [Wax Tips](#) page at [TokoUS.com](http://TokoUS.com) before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Blue, Red or Yellow), as the temperature ranges are the same. For a more economical option, omit Jet topcoats. All Race Wax Tips recommend ONLY fluorine-free products. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
