

WAX RECOMMENDATION

TOKO[®]

Race For Diamonds

Ponderosa State Park, McCall, ID

Sunday, January 8

11 A.M.

5K/3K/1K Skate

Mass start

1 loop

www.mccallnordic.com

Forecast/Conditions: Overnight low of -2F rising to 13 at start. Packed powder, 80 percent cloud cover, a 15 percent chance of new precipitation, 85 percent relative humidity

Glidewax: Apply LF Blue, scrape and brush, then apply HF Blue, scrape and brush. Finish by crayoning JetStream Blue, iron hot (320F) with a layer of fiberlene under the iron, traveling slowly (60 seconds) tip to tail. Brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: A fine linear grind covered by one pass with the Blue Structurite tool before JetStream application will best suit these conditions.

Racing - Service

Check the [Wax Tips](http://TokoUS.com) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at TokoUS.com.
