

WAX RECOMMENDATION

AMH Anchorage Cup Sven Johansson

Kincaid Park, Anchorage, AK

Sunday, February 19

Noon 30K, 12:45 P.M. 10K, Skate

Mass start from the stadium

One loop for each race

Race website [here](#)

Forecast/Conditions: Saturday through Sunday mostly cloudy with a chance of snow showers. High in the 20s and low in the teens. The course should be in great shape.

Glidewax: Apply LF Black, scrape and brush, then apply HF Red, scrape and brush. Finish by crayoning JetStream Red, iron hot (320F) with a layer of fiberlene under the iron, traveling slowly (60 seconds) tip to tail. Brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A

Structure: A universal grind covered by one pass with the Red Structurite tool before JetStream application will best suit these conditions.

Created by Patrick McGownd, Toko Tech Team member since 2000.

Check the [Wax Tips](#) page at [TokoUS.com](#) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at [TokoUS.com](#).
