

WAX RECOMMENDATION

Intermountain Youth Ski Festival

Lake Creek Trailhead, Ketchum, ID

Saturday, February 25 and Sunday, February 26

This is a two day fun event for ages 15 and Under

Saturday Skate event, Obstacle course, Flying Downhill

Sunday Classic Event and Barbeque

More info [here](#)

Forecast/Conditions: Overnight low Friday and Saturday around 5F. Temperature at start mid-teens, with small amounts of fresh snow. Cloudy, 35 percent chance of new snow throughout both days

Glidewax: NF waxes only! No LF, HF or topcoats. For both Saturday and Sunday, iron in NF Blue, scrape and brush.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 2 layers of Nordic GripWax Blue, corking between layers.

Structure: A fine linear structure covered by one pass with the Blue Structurite will best suit these conditions.

Racing - Service

Check the [Wax Tips](#) page at [TokoUS.com](#) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at [TokoUS.com](#).
