

WAX RECOMMENDATION

TOKO[®]

National Guard Patrol Biathlon Race

At Soldier Hollow near Midway, Utah

Thursday March 1, 2018

Start at 10:00AM

Men: 15km, Women: 12.5km

More Info: <http://utahbiathlon.com/CNGB18.html>

Forecast/Conditions: Overnight low of 16F. Temperature at start about 32F and partly cloudy. The course will be mostly on man-made snow.

Glidewax: Apply LF Black, scrape and brush, then apply HF Red, scrape and brush. Finish by crayoning JetStream Red, iron hot (320F) with a layer of fiberlene under the iron, traveling slowly (60 seconds) tip to tail. Brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: A universal structure covered by one pass with the Red Structurite tool followed by one pass with the Blue wheel (before JetStream application) will best suit these conditions.

Racing - Service

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream or HelX) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at TokoUS.com.
