

WAX RECOMMENDATION

Michigan HS Championships Sprint

Michigan Tech Nordic Ski Trails, Houghton, MI

Saturday, February 17

2 P.M. Qualifiers, Boys then Girls, 1K

3:30 P.M. Heats Boys, 4:05 P.M. Heats Girls

<http://www.skitigers.com/2018-mi-state-championships.html>

Forecast/Conditions: Friday night mostly cloudy with a low around 8F. Saturday mostly cloudy and a 50 percent chance of snow. Race time temperature steady at 25. Expect machine worked and packed and semi-firm tracks. Tracks are very likely to glaze.

Glidewax: Apply LF Black, scrape and brush, then apply HF Red, scrape and brush. No pure fluorocarbons are permitted.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 1-2 short layers of Nordic GripWax Yellow, corking between layers. Cover with 2 full layers of Nordic GripWax Red, corking between layers.

Structure: A fine linear grind covered by one pass with the Red Structurite tool.

Check the [Wax Tips](#) page at [TokoUS.com](#) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream or HelX) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at [TokoUS.com](#).
