

WAX RECOMMENDATION

Intermountain Youth Championships

Trail Creek Ranch, Wilson, WY

Sunday, February 25

10 A.M.

Classic, Mass start

<https://jhskiclub.org/event/imd-youth-champs>

Forecast/Conditions: Saturday overnight low around 13, cloudy. Temperature at start in the mid-teens, mostly cloudy, 10 mph wind. There is a 35 percent chance of light snow during the event.

Glidewax: Apply NF Blue, scrape and brush well.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 2-3 layers of Nordic GripWax Blue, corking between layers.

Structure: A cold structure covered by one pass with the Blue Structurite tool will best suit these conditions.

Racing - Service

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream or HelX) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at TokoUS.com.
