

WAX RECOMMENDATION

Kongsbergers Ozbaldy

Cabin Creek Exit 63 Hwy 90 Snoqualmie Pass, WA

Sunday March 4th, 2018

9 A.M. 50K 9:05 10K

Freestyle technique

Mass start

50K is 5 laps (see website for details)

<http://www.kongsbergers.org>

Forecast/Conditions: Overnight low of 24F Saturday night.

Temperatures expected to rise to 36F by race completion Sunday under partly cloudy skies. Light snowfall expected in the days leading up to the event with some snow transformation occurring.

Glidewax: Apply LF Black, scrape and brush, then apply HF Yellow, scrape and brush. Finish by crayoning JetStream Yellow, iron hot (320F) with a layer of fiberlene under the iron, traveling slowly (60 seconds) tip to tail. Brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: NA

Structure: A universal or warm structure covered by one pass with the Yellow Structurite tool (before JetStream application) will best suit these conditions.

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream or HelX) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at TokoUS.com.
