

WAX RECOMMENDATION

Allan Bard Memorial Classic

Tamarack Lodge, Mammoth Lakes, CA

Sunday, February 3

10 A.M.

20K, 10K, 5K, Classic only

Mass start

Multiple laps

<http://tamaracklodge.com>

Forecast/Conditions: Overnight low of 19, temperature at start 22, high of 28. New snow overnight and a 60 percent chance of snow expected during the race. Windy.

Glidewax: Apply LF Black, scrape and brush, then apply HF Blue/HF Red mixed 1/1 scrape and brush. Finish by crayoning JetStream Blue, iron hot (320F) with a layer of fiberlene under the iron, traveling slowly (60 seconds) tip to tail. Brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 3-5 layers of Nordic GripWax Blue, corking between layers.

Structure: A fine structure covered by one pass with the Blue Structurite tool (before JetStream application) will best suit these conditions.

Racing - Service

Created by Ben Grasseschi, Toko Tech Team member since 2001.

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream or HelX) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at TokoUS.com.
