Saturday, January 5

10 A.M. to 3 P.M. Start times

Interval Starts, 5K Skate for Varsity & JV,

3.3K Skate for MS

Race link [here](#)

Forecast/Conditions: The race course will be closed to preserve the trail until race day. Highs on Thursday and Friday will be around or above freezing with partly sunny skies. Friday night's low is expected around 26, with temperatures during the races in the mid- to upper 30s with sunny skies.

Glidewax: Apply NF Black, scrape and brush, then apply NF Red/Yellow mixed 1/1, scrape and brush.

Gripwax: N/A

Structure: A universal structure covered by one pass with the Red Structurite tool will best suit these conditions.

**Racing - Service**

Check the [Wax Tips](#) page at [TokoUS.com](http://TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream or HelX) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at [TokoUS.com](http://TokoUS.com).
