Soldier Hollow, Midway, UT

Saturday, January 26

10 A.M. for kids, about 10:20 A.M. for adults

10K Skate race with wave starts

www.utahnordic.com/events/2019/wasatch-citizens-series-race-3

Forecast/Conditions: Overnight low 13. Temperature at start in the mid-20s and sunny. Expect mostly manmade snow mixed with some natural snow.

Glidewax: Apply LF Black/LF Blue mixed 1/1, scrape and brush, then apply HF Blue, scrape and brush. Finish by crayoning JetStream Red, iron hot (320F) with a layer of fiberlene under the iron, traveling slowly (60 seconds) tip to tail. Brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: A cold universal stonegrind will best suit these conditions covered by two passes with the Blue Structurite tool (before JetStream application).

Racing - Service

Check the [Wax Tips](http://TokoUS.com) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream or HelX) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at TokoUS.com.
