

WAX RECOMMENDATION

Wisconsin HS Nordic Championship Classic

Birkie Trailhead, Cable, WI

Sunday, February 10

9 A.M. Girls, 10 A.M. Boys MS 2.5K Freestyle pursuit

11 A.M. Girls, 11:45 A.M. Boys HS 5K Freestyle pursuit

HS 2 laps and MS 1 lap

<http://www.winordicski.org>

Forecast/Conditions: Saturday night a chance of snow showers between 7 P.M. and 1 A.M. Mostly cloudy, with a low around -5F. Sunday partly sunny, with race temperatures 8F-16F. Expect tracks to be firm and glazed due to high traffic volume.

Glidewax: Apply LF Blue, scrape and brush, then apply HF Blue, scrape and brush. Wisconsin Nordic Ski League rules prohibit use of pure fluorocarbon overlays for classic championship races.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 2 short layers of Nordic GripWax Red, corking between layers. Cover with 2 full layers of Nordic GripWax Blue, corking between layers.

Structure: A fine linear grind covered by one pass with the Blue Structurite tool after brushing out the glide wax will best suit these conditions.

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream or HelX) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at TokoUS.com.
