

WAX RECOMMENDATION

Intermountain Youth Championships

Trail Creek Ranch, Wilson, WY

Saturday, February 23

9:30 A.M.

Youngest to Oldest start order

1K/2K/3K/5K, Skate

More info [here](#)

Forecast/Conditions: Overnight low of 2F, 12 degrees at start with a high of 21. Packed untransformed new snow, 95 percent cloud cover, 75 percent chance of snow.

Glidewax: Drip on NF Blue, sprinkle on X-cold Powder, iron in together, scrape and brush.

Structure: A fine structure covered by one pass with the Blue Structurite tool will best suit these conditions.

Racing - Service

Check the [Wax Tips](#) page at [TokoUS.com](#) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream or HelX) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at [TokoUS.com](#).
