Solitude Nordic, Brighton, UT

Saturday, March 9

10 A.M. 7.5K Freestyle

1 P.M. 3-person 1.5K Relay

Mass start

More info [here](#)

Forecast/Conditions: Expect more than 9 inches of snow Friday and Friday night. Low of 11 with plenty of wind. Saturday a 40 percent chance of snow in the morning dropping to 30 percent after 11 A.M. Temperature at 10 A.M. around 15 and at 1 P.M. around 18. Wind speed in the mid-teens, cloudy skies. Expect clean, soft conditions.

Glidewax: Apply LF Blue, scrape and brush, then apply HF Blue, scrape and brush. Finish by crayoning JetStream Blue, iron hot (320F) with a layer of fiberlene under the iron, traveling slowly (60 seconds) tip to tail. Brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: A fine structure covered by one pass with the Blue Structurite tool (before JetStream application) will best suit these conditions.

Racing - Service

Check the [Wax Tips](#) page at [TokoUS.com](#) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream or HelX) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at [TokoUS.com](#).
