

WAX RECOMMENDATION

Western Nordic Club Championships

Soldier Hollow, Midway, UT

Sunday, March 10

9 A.M., Daylight Savings Time begins!

7.5K to 2K, Skate Pursuit

Start time based on Classic race results

Forecast/Conditions: Overnight low around 17 rising to about 20 by 9 A.M. and about 32 by noon. A 50 percent chance of light snow, dropping to 40 percent by 11 A.M. Mostly cloudy skies, light wind.

Glidewax: IMD wax restrictions in play. For U14 and younger, NF only. For U16 and older, no pure-fluoro topcoats. Apply LF Black or NF Black, scrape and brush, then apply HF Red or NF Red, scrape and brush.

Structure: A universal structure covered by one pass with the Red Structurite tool (before JetStream application) will best suit these conditions.

Racing - Service

Check the [Wax Tips](#) page at [TokoUS.com](#) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream or HelX) and substitute the LF or NF wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the How To link at [TokoUS.com](#).
