

# WAX RECOMMENDATION **TOKO**<sup>®</sup>

## **Ski Rodeo**

Liberty Bell High School, Winthrop, WA

Saturday, December 28

10 A.M. First starter

1.4K, 2.5K, 5K, 10K, Freestyle technique

Wave starts (10K is 2 laps)

All Juniors. U12 NF waxes only, U14 and older no HFs

<https://methowvalleynordic.com/event/rodeo-2019/>

**Forecast/Conditions:** Overnight low of 18 expected with snow temperature expected to remain in the mid-20s throughout event. Thin transformed snowpack will expose dirt in places on the course. Mostly cloudy skies are expected with minor potential for snow flurries.

**Glidewax:** For U12, apply Base Performance Blue Hot Wax, scrape and brush. U14 and older, apply Performance Blue Hot Wax, scrape and brush, and then apply Performance Black Hot Wax/Performance Red Hot Wax mixed 1:1, scrape and brush.

**Gripwax:** NA

**Structure:** A coarse linear structure covered by a single pass with the Red Structurite tool after scraping and brushing the hot wax will best suit these conditions.

Check the [Wax Tips](#) page at [TokoUS.com](http://TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the High Performance (Liquid Paraffin or Hot Wax) and substitute the Performance or Base Performance wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at [TokoUS.com](http://TokoUS.com).
