Skyway Trailhead, Grand Mesa National Forest, CO

Saturday, December 28

10 A.M.

10K, Classic

Mass start

5K or 10K loop

<https://gmnc.org/event/grand-mesa-10k-classic/>

**Forecast/Conditions:** Overnight low of 5F with a 60 percent change of snow. Saturday high in the lower teens with a chance of snow and windy conditions.

**Glidewax:** Apply Performance Blue Hot Wax, scrape and brush, then apply High Performance Blue Hot Wax, scrape and brush.

**Gripwax:** Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 2-3 layers of Nordic GripWax Blue, corking between layers.

**Structure:** A fine structure covered by one pass with the Blue Structurite tool after scraping and brushing HP Hot Wax will best suit these conditions.

Check the [Wax Tips](#) page at [TokoUS.com](http://TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the High Performance (Liquid Paraffin or Hot Wax) and substitute the Performance or Base Performance wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at [TokoUS.com](http://TokoUS.com).
