

WAX RECOMMENDATION **TOKO**[®]

Biathlon NORAM #2/Rocky Mtn Cup #1

Rendezvous Trails, West Yellowstone, MT

Saturday, December 14

10 A.M. start

Race format: Sprint

<http://www.skirunbikemt.com/biathlon1.html>

Forecast/Conditions: Overnight snow likely, low around 8F.
Cloudy with temperature at start near 15. Slight chance of snow on Saturday.

Glidewax: Apply Performance Blue Hot Wax, scrape and brush, then apply High Performance Blue, scrape and brush. For HP Liquid Paraffin, apply Performance Blue Hot Wax, scrape and brush, then spray on HP Liquid Blue, wait 30 minutes, then polish with the Polishing Brush Liquid Paraffin.

Structure: A fine universal structure covered by one pass with the Blue Structurite tool after scraping and brushing HP Hot Wax or before spraying HP Liquid will best suit these conditions.

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the High Performance (Liquid Paraffin or Hot Wax) and substitute the Performance or Base Performance wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
