

WAX RECOMMENDATION

City of Lakes Loppet Skate Races - Updated!

North Beach on Bde Maka Ska Lake, Minneapolis, MN

Sunday, February 2

9 A.M. 37K Star Tribune Skate Ski Loppet

10 A.M. 21K Skate Ski Puoli Loppet 21K

Wave starts, finish at Wirth trailhead

<https://www.loppet.org/events/festival/>

Forecast/Conditions: Overnight low of 31, rising to 37-38 at the starts. Expect transformed snow in a variety of conditions as the course crosses lakes and other varied terrain. A slight wind and cloudy.

Glidewax: Apply Performance Black Hot Wax, scrape and brush, then apply High Performance Yellow Hot Wax, scrape and brush. For HP Liquid Paraffin, apply Performance Red Hot Wax, scrape and brush, then spray on HP Liquid Yellow, let sit in a warm room for at least one hour (overnight is best), polish with the Polishing Brush Liquid Paraffin.

Structure: A universal structure covered by one pass with the Yellow Structurite tool after scraping and brushing HP Hot Wax or before spraying HP LP will best suit these conditions.

Racing - Service

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the High Performance (Liquid Paraffin or Hot Wax) and substitute the Performance or Base Performance wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
