

WAX RECOMMENDATION

Hodag Challenge

CAVOC Trails, Rhinelander, WI

Saturday, January 18

10 A.M.

5K HS, 3.3K MS, 1K Youth

Freestyle

Interval starts for HS/MS, Mass start for Youth

Race details [here](#)

Forecast/Conditions: Overnight low around 20 rising to mid-20s during the races. Several inches of new snow expected Friday night and Saturday during the races. Expect the race course to be soft fresh snow over a hard base.

Glidewax: This race is NF-only! Apply Base Performance Red Hot Wax, scrape and brush, then apply Base Performance Red Hot Wax, scrape and brush. For Liquid Paraffin, apply Base Performance Blue Hot Wax, scrape and brush, then spray on Base Performance Liquid Red, let stand for at least one hour in a warm room (overnight is best), then polish with the Polishing Brush Liquid Paraffin.

Gripwax: N/A

Structure: A universal grind alone or covered by one pass with the Red Structurite tool after scraping and brushing Hot Wax or before spraying Liquid Paraffin will best suit these conditions.

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the High Performance (Liquid Paraffin or Hot Wax) and substitute the Performance or Base Performance wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
