

WAX RECOMMENDATION

TOKO[®]

Old Skool Klassik

Tahoe Cross-Country Ski Area, Tahoe City, CA

Monday, January 20

10 A.M.

5K/10K, Classic only

Mass start

1-2 laps

<http://tahoexc.org>

Forecast/Conditions: Overnight low 30, temperature at start 35, machined groomed new snow, cloudy, breezy, with a 20 percent chance of a "wintery mix" (rain and snow mixed).

Glidewax: Apply Base Performance Red Hot Wax, scrape and brush.

**In the spirit of this race, the organizer requests the use of non-fluoro waxes only. Thank you for respecting the old skool.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 3-5 layers of Nordic GripWax Red, corking between layers.

Structure: A universal structure covered by one pass with the Red Structurite tool after scraping and brushing the Red Hot Wax will best suit these conditions.

Created by Ben Grasseschi, Toko Tech Team member since 2003.

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the High Performance (Liquid Paraffin or Hot Wax) and substitute the Performance or Base Performance wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
