

WAX RECOMMENDATION

Snow Mountain Ranch Classic

Snow Mountain Ranch, Granby, CO

Saturday, January 11

10 A.M.

15K/7.5K, Classic

Mass start by distance, 7.5K loop

snowmountainranch.org/nordic-center-events-calendar/

Forecast/Conditions: Overnight low of -3F, warming to lower teens by start. The wind chill will keep the snow very cold and dry.

Glidewax: Apply Performance Blue Hot Wax, scrape and brush, then apply High Performance Blue Hot Wax, sprinkle on X-cold Powder, iron in together, scrape and brush well.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 3-4 layers of Nordic GripWax X-Cold, corking between layers.

Structure: A fine grind with no additional structure will best suit these conditions.

Racing - Service

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the High Performance (Liquid Paraffin or Hot Wax) and substitute the Performance or Base Performance wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
