Saturday, February 22

11 A.M. Men, 11:15 A.M. Women

6K Classic, then 6K Skate

Mass start

7K loop

<http://mansfieldnordic.org>

Forecast/Conditions: Friday overnight low in the mid-teens . Snow temperature at 11AM in the mid 20's. PistenBully packed, packed powder track.

Glidewax: This race is NF only. Apply Base Performance Blue Hot Wax, scrape and brush, then apply BP Red Hot Wax, scrape and brush. For Liquid Paraffin, apply Base Performance Blue Hot Wax, scrape and brush, then spray on BP Liquid Red, let sit in a warm room for at least one hour (overnight is best), polish with the Polishing Brush for Liquid Paraffin.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 2 or 3 layers of Nordic GripWax Red, corking between layers.

Structure: A universal structure covered by one pass with the Red Structurite tool after scraping and brushing the final Hot Wax or before spraying Liquid Paraffin will best suit these conditions.

Created by Dave Boucher, Toko Tech Team member since 1999.

Check the [Wax Tips](#) page at [TokoUS.com](http://TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the High Performance (Liquid Paraffin or Hot Wax) and substitute the Performance or Base Performance wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at [TokoUS.com](http://TokoUS.com).
