

# WAX RECOMMENDATION

## Vasaloppet USA

Vasaloppet Trails, Mora, MN

Saturday, February 8

10 A.M. 44K Classic, 10:15 A.M. 50K/34K Freestyle

12:30 P.M. 13K Freestyle

Mass start in Mora, then onto a two loop course

<https://vasaloppet.us>

**Forecast/Conditions:** A 50% chance of a light dusting of snow Thursday evening through Friday mid-morning. Overnight low of 9F rising to 13 for the early races and 18 for the later race. Race day should see calm winds and partly sunny skies. Expect a well-prepared solid course of transformed snow.

**Glidewax:** Apply Performance Blue Hot Wax, scrape and brush, then apply High Performance Red Hot Wax/HP Blue Hot Wax mixed 1:1, scrape and brush. For HP Liquid Paraffin, apply Performance Blue Hot Wax, scrape and brush, then spray on HP Liquid Blue, let sit for at least one hour (overnight is best), polish with the Polishing Brush Liquid Paraffin.

**Gripwax:** Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply additional layers of Nordic GripWax Red, followed by a final 1-2 layers of Nordic GripWax Blue.

**Structure:** A universal structure covered by one pass with the Red Structurite tool followed by one pass of the Blue Structurite tool after scraping and brushing HP Hot Wax or before spraying Liquid Paraffin will best suit these conditions.

Check the [Wax Tips](#) page at [TokoUS.com](https://TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the High Performance (Liquid Paraffin or Hot Wax) and substitute the Performance or Base Performance wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at [TokoUS.com](https://TokoUS.com).
