

# WAX RECOMMENDATION

## Turtle River Pursuit

Mecca Trail System, Mercer, WI

Sunday, February 16

10 A.M.

11K, Freestyle

<https://www.turtleriverpursuit.com/>

**Forecast/Conditions:** Saturday overnight low is expected around 7F with the temperature rising to the mid-teens during the event. Partly sunny skies.

**Glidewax:** Apply Performance Blue Hot Wax, scrape and brush, then apply High Performance Blue Hot Wax, scrape and brush. For High Performance Liquid Paraffin, apply Performance Blue Hot Wax, scrape and brush, then spray on HP Liquid Blue, let stand for at least one hour in a warm room (overnight is best), then polish with the Polishing Brush Liquid Paraffin.

**Gripwax:** N/A

**Structure:** A fine/cold grind covered by one pass with the Blue Structurite tool after scraping and brushing Hot Wax or before spraying Liquid Paraffin will best suit these conditions.

Racing - Service

Check the [Wax Tips](#) page at [TokoUS.com](http://TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the High Performance (Liquid Paraffin or Hot Wax) and substitute the Performance or Base Performance wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at [TokoUS.com](http://TokoUS.com).
