

WAX RECOMMENDATION

TOKO[®]

Tour of Anchorage - 25K

APU to Kincaid, Anchorage AK

Sunday, March 8, 2020

11 A.M.

25K, Free technique

Wave start at Alaska Pacific University

Point to Point race

<https://www.anchoragenordicski.com/tour-of-anchorage/>

Forecast/Conditions: Overnight low 10F, Snow temperature at start around 20F, freshly falling new snow before and during the race, soft groomed trails with clean snow, Snow temps at the Finish will be closer to 25F.

Glidewax: Apply Performance Black Hot Wax, scrape and brush, then apply High Performance Red Hot Wax, scrape and brush. For HP Liquid Paraffin, apply Performance Blue Hot Wax, scrape and brush, then spray on HP Liquid Red, let sit in a warm room for at least one hour (overnight is best), polish with the yellow Polishing Brush for Liquid Paraffin.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 3-4 layers of Nordic GripWax Red, corking between layers.

Structure: A medium universal grind covered by one pass with the Red Structurite tool after scraping and brushing the HP layer or before spraying on the HP LP will best suit these conditions

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the High Performance (Liquid Paraffin or Hot Wax) and substitute the Performance or Base Performance wax of the same color (Yellow, Red or Blue). To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
