

WAX RECOMMENDATION

Gore Mtn Classic Race

Gore Snow Bowl, North Creek, NY

Saturday, January 2

9:30 A.M.

7.5K Seniors/Masters, 5K Juniors

Rolling start

Multiple laps

<https://www.skireg.com/gore-mountain-classic-race>

Forecast/Conditions: Overnight low 26, temperature at start 34, manmade, machine groomed, transforming snow. Cloudy with a 75 percent chance of snow/rain.

Glidewax: Apply Base Performance Red Hot Wax, scrape and brush. Spray on Base Performance Liquid Paraffin Yellow, let stand overnight, then polish with the Polishing Brush Liquid Paraffin.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 3 layers of Nordic GripWax Yellow, corking between layers.

Structure: A wet structure covered by one pass with the Yellow Structurite tool after scraping and brushing BP Red Hot Wax or before applying BP Liquid will best suit these conditions.

Racing - Service

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If an event allows fluorinated waxes and you choose to use them, use High Performance or Performance (Liquid Paraffin or Hot Wax) of the same color (Yellow, Red or Blue), as the temperature ranges are the same. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
