

# WAX RECOMMENDATION

## Minnesota High School Championship - Boys

Giants Ridge, Biwabik, MN

Friday, March 12

1 P.M. Classic, Interval start

2:20 P.M. Skate, Pursuit start

All races are 4K

<https://www.mshsl.org>

**Forecast/Conditions:** Forecast calls for 6-10 inches of new snow within 48 hours of these races, falling in windy conditions. Thursday overnight low of 9F with a 20 percent chance of snow. Race temperatures in the high 20s. Sunny but wind gusts of 15-20 mph until 10 A.M. Expect a PistenBully prepared course of clean snow with wind-blown snow in open and transition areas.

**Glidewax:** Apply Base Performance Blue Hot Wax, sprinkle on X-Cold powder, iron in together, scrape and brush. Spray on Base Performance Red Liquid Paraffin, let stand overnight, then polish with the Polishing Brush for Liquid Paraffin. If you do not have LP spray, apply a layer of Base Performance Blue Hot Wax before applying a Red/X-Cold combo. X-Cold is added to combat abrasive wind-blown snow.

**Gripwax:** Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply alternating layers of Nordic GripWax Red and GripWax Yellow, corking between layers. First and final layers should be Red. Later skiers may wish to have a final layer of Yellow.

**Structure:** A universal structure covered by one pass with the Red Structurite tool after scraping and brushing the final BP Hot Wax or before spraying BP Liquid will best suit these conditions.

Racing - Service

Check the [Wax Tips](#) page at [TokoUS.com](http://TokoUS.com) before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If an event allows fluorinated waxes and you choose to use them, use High Performance or Performance (Liquid Paraffin or Hot Wax) of the same color (Yellow, Red or Blue), as the temperature ranges are the same. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at [TokoUS.com](http://TokoUS.com).
