

WAX RECOMMENDATION TOKO®

Gore Mtn NYSSRA JNQ Classic

North Creek Snow Bowl, North Creek, NY

Sunday, January 29

9 A.M.

6K U16, 7.5K all others, Classical technique

Multiple laps

More info [here](#)

Forecast/Conditions: Overnight low 20, temperature at start 24, manmade snow with several inches of wet, recently fallen snow groomed with PistenBully. Cloudy skies with a chance of snow showers during the day.

Glidewax: Apply BP Blue Hot Wax, scrape and brush, then apply HP Red Hot Wax, scrape and brush.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 3 layers of Nordic GripWax Red, corking between layers.

Structure: A universal structure covered by one pass with the Red Structurite tool after scraping and brushing the final Hot Wax layer.

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Yellow, Red or Blue), as the temperature ranges are the same. All Race Wax Tips recommend ONLY fluorine-free products. Older HP or P Toko waxes (Liquid or Hot Wax) contain fluorine. New labels look very similar but all say PFC Free. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
