

# WAX RECOMMENDATION

## Junior Muffin Race

Cross Country Ski Headquarters, Roscommon, MI

Sunday, February 26

10:30 A.M.

Team Sprint, 6 laps of 2K, Freestyle

Mass starts

More info [here](#)

Forecast/Conditions: Expecting 6 inches of new snow Thursday through Saturday. Overnight low of 20, temperature at start of 24. Expect rolled fresh snow over manmade snow. Expect partly cloudy skies and 15 mph winds.

Glidewax: Apply Performance Red Hot Wax, scrape and brush.

Gripwax: NA

Structure: A universal structure covered by one pass with the Red Structurite tool after scraping and brushing the final Hot Wax will best suit these conditions.

Created by Nickola Baic, Toko Tech Team member since 2007.

Check the [Wax Tips](#) page at [TokoUS.com](#) before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Yellow, Red or Blue), as the temperature ranges are the same. All Race Wax Tips recommend ONLY fluorine-free products. Older HP or P Toko waxes (Liquid or Hot Wax) contain fluorine. New labels look very similar but all say PFC Free. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at [TokoUS.com](#).
