

WAX RECOMMENDATION

Tuesday Night Lights Race Series

Soldier Hollow Nordic Center, Midway, UT

Tuesday, February 21

5:45 P.M.

2.5K-10K, Skate technique

Wave starts depending on length

1-4 laps of 2.5K loop

More info [here](#)

Forecast/Conditions: Overnight low of 22, temperature at start around 25 and decreasing. A 100 percent chance of fresh falling powder snow during event.

Glidewax: Apply Base Performance Blue Hot Wax, scrape and brush. Then apply High Performance Red Hot Wax, scrape and brush.

Structure: A fine structure covered by one pass with the Red Structurite tool after scraping and brushing the final Hot Wax will best suit these conditions.

Check the [Wax Tips](#) page at [TokoUS.com](#) before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Yellow, Red or Blue), as the temperature ranges are the same. All Race Wax Tips recommend ONLY fluorine-free products. Older HP or P Toko waxes (Liquid or Hot Wax) contain fluorine. New labels look very similar but all say PFC Free. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at [TokoUS.com](#).
