

# WAX RECOMMENDATION **TOKO**<sup>®</sup>

## **Pre-Loppet -- Cancelled**

Theo Wirth Park, Minneapolis, MN

Sunday, January 14

8:30 A.M. and 9 A.M. start times

5K and 18K Freestyle on separate single loop courses

Mass start

<https://www.loppet.org/events/preloppet/>

Forecast/Conditions: With the lack of snow and the bitterly cold forecast for Sunday the Loppet has temporarily halted registration. The likely course length has already been shortened to 10-12K. The Loppet intends to update the race status by Thursday at 5 P.M. Please check the Loppet website for that announcement.

If the race is a go, Toko will publish a wax recommendation shortly after the Loppet announcement is made.

**Racing - Service**

Created by Gerald Slater, Toko Tech Team member since 2006. {grslater@comcast.net}

Check the [Wax Tips](#) page at [TokoUS.com](http://TokoUS.com) before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Yellow, Red or Blue), as the temperature ranges are the same. All Race Wax Tips recommend ONLY fluorine-free products. Older HP or P Toko waxes (Liquid or Hot Wax) contain fluorine. New labels look very similar but all say PFC Free. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at [TokoUS.com](http://TokoUS.com).
