

WAX RECOMMENDATION

COLORADO BIATHLON CLUB PURSUIT

Snow Mountain Ranch, Granby, CO - Sunday, Jan 12

9:30 A.M. Zero, 10:50 A.M. Race

Pursuit start

<https://tinyurl.com/coloradobiathlonevents>

Forecast/Conditions: Overnight low of 6F, air temperature of 10F at start, light snow Saturday night. The wind chill will keep the snow very cold throughout the race.

Glidewax: Apply Performace Blue Hot Wax, scrape and brush, then apply HP Blue Hot Wax, scrape and brush.

Gripwax: N/A

Structure: A fine structure will best suit these conditions.

Racing-Service

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Yellow, Red or Blue), as the temperature ranges are the same. All Race Wax Tips recommend ONLY fluorine-free products. Older HP or P Toko waxes (Liquid or Hot Wax) contain fluorine. New labels look very similar but all say PFC Free. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
