1 P.M., 4k, Classic then Skate

Interval start – one lap

www.skireg.com/massachusetts-nordic-program-u16-eastern-high-school-qualifier?nc=1

Forecast/Conditions: Overnight low of 13 warming to 27 by race start. Light snow showers possible. Course should be packed powder with PistenBully grooming.

Glidewax: Apply Performance Blue Hot Wax, scrape and brush. Topcoats will be applied by the communal wax team.

Gripwax: Roughen base with 150 grit sandpaper. Leave kick zone bare. Wax will be applied by the communal wax team.

Structure: N/A

Created by Rob Bradlee, Toko Tech Team member since 2000

Racing-Service

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Yellow, Red or Blue), as the temperature ranges are the same. All Race Wax Tips recommend ONLY fluorine-free products. Older HP or P Toko waxes (Liquid or Hot Wax) contain fluorine. New labels look very similar but all say PFC Free. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
