

WAX RECOMMENDATION

WASATCH CITIZEN SERIES RACE #1

Soldier Hollow Nordic Center, Midway, UT – Saturday, Jan 4

10 A.M. Juniors, 10:20 A.M. Adults

5k/10k Freestyle, wave starts on a multiple lap course

<https://utahnordic.org/product-category/wcs-races/>

Forecast/Conditions: Overnight low 24, temperature at start about 30 with an 80 percent chance of new snow falling during the race. The track is mostly manmade snow with a small amount of fresh new snow mixed in.

Glidewax: Apply BP Blue Hot Wax, scrape and brush, then apply HP Red Hot Wax, scrape and brush.

Gripwax: N/A

Structure: A universal structure covered by one pass with the Blue Structurite tool after scraping and brushing the final Hot Wax layer will best suit these conditions.

Racing-Service

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Yellow, Red or Blue), as the temperature ranges are the same. All Race Wax Tips recommend ONLY fluorine-free products. Older HP or P Toko waxes (Liquid or Hot Wax) contain fluorine. New labels look very similar but all say PFC Free. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
