

WAX RECOMMENDATION

WOLF TRACKS RENDEZVOUS

Minocqua Winter Park, Minocqua, WI - Saturday, Feb 1

9:30 A.M., 31k/22k, Freestyle

Wave Start, multiple laps

<https://minocquawinterpark.org/events/wolf-tracks-rendezvous/>

Forecast/Conditions: Friday night mostly cloudy with a low around 9F and light winds. Saturday a 30 percent chance of snow after noon. Cloudy, with race temperature 13-20. Expect machine worked and packed and transformed snow during the event.

Glidewax: Apply HP Blue Hot Wax, scrape and brush, spray on HP Liquid Paraffin Blue, let stand overnight, then polish with the Polishing Brush Liquid Paraffin. If you do not have LP, apply BP Blue Hot Wax, scrape and brush, then apply HP Blue Hot Wax, scrape and brush. 24k starters can use HP LP Red in place of HP LP Blue or, if not using LP, HP Red Hot Wax in place of HP Blue Hot Wax.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 2-4 layers of Nordic GripWax Blue, corking smooth between layers. Later starters can substitute GripWax Red due to rising temperatures and potential for glazed, skied-in tracks.

Structure: A fine structure covered by one pass with the Blue Structurite tool after scraping and brushing the final Hot Wax will best suit these conditions. 24k race start can use Red Structurite due to skied-in conditions from the earlier starters.

Racing-Service

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Yellow, Red or Blue), as the temperature ranges are the same. All Race Wax Tips recommend ONLY fluorine-free products. Older HP or P Toko waxes (Liquid or Hot Wax) contain fluorine. New labels look very similar but all say PFC Free. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
