**Forecast/Conditions:** Saturday overnight low of 9F rising to 12 for the start and into the mid-teens for the last races. Mostly sunny with wind of 5-10 mph from the SW. Course consists of manmade snow with little chance of new natural snow on race day. Expect loose snow on hills from heavy skier traffic.

**Glidewax:** Apply HP Blue Hot Wax, scrape and brush, spray on HP Liquid Paraffin Blue, let stand overnight, then polish with the Polishing Brush Liquid Paraffin. If you do not have LP, apply BP Blue Hot Wax, scrape and brush, then apply HP Blue Hot Wax, scrape and brush.

**Structure:** A fine or universal structure covered by one pass with the Blue Structurite tool after scraping and brushing the final Hot Wax will best suit these conditions.
