

WAX RECOMMENDATION

GOVERNOR'S CUP

Devil's Thumb Ranch, Tabernash, CO -- Sunday, Jan 25

10 A.M., 30k/15k, Freestyle

Mass starts by distance, 15k loop

<https://skigrandnordic.org/grand-nordic-race-series/>

Forecast/Conditions: Overnight low -5 F, air temperature at start in the single digits F. Expect very cold and snowy conditions.

Glidewax: Apply HP Blue Hot Wax, scrape and brush, sprinkle on [Jet Powder](#) Blue and X-Cold Powder mixed 1:1, make two passes with iron at 180c, let cool, scrape and brush using the copper brush and polish with a merino wool roller.

Gripwax: N/A

Structure: A fine structure covered by one pass with the Blue Structurite tool after scraping and brushing the final Hot Wax or polishing the Jet Powder will best suit these conditions.

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Blue, Red or Yellow), as the temperature ranges are the same. For a more economical option, omit Jet topcoats. All Race Wax Tips recommend ONLY fluorine-free products. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
