

WAX RECOMMENDATION

SIERRA CREST CRITERIUM SKATE

Royal Gorge XC, Soda Springs, CA – Friday, Jan 30

6 P.M., Skate

Mass start with short, criterium style laps

<https://farwestnordic.org/wp-content/uploads/2026/01/FridayNightLights.pdf>

Forecast/Conditions: Daytime temperature 51, temperature at start 43, with a nighttime low of 32. Snow will be refrozen and transformed crystals. Light winds and clear skies under a nearly full moon.

Glidewax: Since this is a fun race, we are keeping the waxing simple. Apply HP Red Hot Wax, scrape and brush. Enjoy the ride.

Gripwax: N/A

Structure: A universal structure covered by one pass with the Red Structurite tool after scraping and brushing the final Hot Wax will best suit these conditions.

Racing-Service

Check the [Wax Tips](#) page at TokoUS.com before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Blue, Red or Yellow), as the temperature ranges are the same. For a more economical option, omit Jet topcoats. All Race Wax Tips recommend ONLY fluorine-free products. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
