Kincaid Park, Anchorage, AK – Sunday, Feb 22

Noon, 30k, Freestyle

Mass start, one lap

<https://anchoragenordicski.com/races/amh-anchorage-cup/>

---

**Forecast/Conditions:** Overnight low -1F, temperature at start approaching 10F, snow will not be glazed and will be transformed after high humidity fresh snow and then a wind event Thursday and Friday. Race will be mostly sunny with calm winds.

**Glidewax:** Apply HP Red Hot Wax, scrape and brush, sprinkle on [Jet Powder](#) Blue, make two passes with iron at 180c, let cool, scrape and brush using the copper brush and polish with a merino wool roller. Then quickly (1 second) spray [Jet Liquid](#) Blue tail to tip, spread and polish using a handheld Thermo Cork, and go ski.

**Gripwax:** N/A

**Structure:** A universal structure covered by one pass with the Blue Structurite tool after scraping and brushing the final Hot Wax or polishing the Jet Powder but before applying Jet Liquid will best suit these conditions.

Check the [Wax Tips](#) page at [TokoUS.com](http://TokoUS.com) before all of your races for the latest waxing information. Toko Race Wax Tips offer racers precise waxing advice on how to make skis perform optimally for a given event. If you do not have High Performance wax, substitute Performance or Base Performance wax of the same color (Blue, Red or Yellow), as the temperature ranges are the same. For a more economical option, omit Jet topcoats. All Race Wax Tips recommend ONLY fluorine-free products. To see optimal application procedures for both Glidewax and Gripwax, go to the [How To](#) link at TokoUS.com.
